Beat the queue and avoid the online rush.
Now book railway tickets on your mobile

Railway e-ticket now on mobile
- IRCTC introduces for the first time a non-internet based ticketing system that will empower masses even in remote areas to use the omnipresent mobile device to make reservations.
- Millions of rail travellers can now use their mobile phones to book tickets in a simple, convenient and secured manner.
- It uses simple SMS or menu-based USSD technology which works on all mobile phones and involves no internet and costs very little.
- The services can be availed by IRCTC registered users only.

Advantages of booking IRCTC tickets via mobile
- No need to stand in long queues or log onto the internet.
- Simple, reliable and secured.
- Accessible to any mobile user.
- Very little charges for accessing the service.
- Works on all handsets.
- Simple user guided menu – book tickets, search for stations, trains, availability.

Book your ticket through USSD:
USSD (Unstructured Supplementary Service Data) based booking for Airtel subscribers*

- Send SMS, to 5676714, in the following syntax
  $$\text{START} \langle \text{irctc userid} \rangle$$ for user authentication (first time only)
IRCTC, the Hospitality People, has spread its wings in Institutional and Office catering all over India. Its State-of-the-Art Central Kitchen (food factory), in Noida with a capacity of producing 25,000 meals a day catering to the Corporate Sector. Moving out of its core business of catering, it has now diversified into areas like – Air Ticketing, Corporate Travel Services and Facility Management amongst various other ventures. No one can match with IRCTC when it comes to Tourism... products ranging from the Budget tourist train, the Bharat Darshan to the super luxury tourist train, the Maharajas’ Express... each getting more and more popular with each of its trips. These speak volumes about the quality of tourism products that IRCTC has in offer.

E-ticketing through IRCTC website, www.irctc.co.in, has revolutionized the way the common man deals with the railways and has been the biggest success story of e-governance in India. Taking this further, keeping an eye on growing mobile phone market in India, IRCTC now launched two other modes of ticket booking through SMS and USSD... and you don’t need an Internet connection in your mobile for this.

So, next time you book a rail ticket, take out your mobile.

* The services will not be available between 0800-1200 hrs. However, the ticket can still be booked using mobile through IRCTC main site www.irctc.co.in
